Product Description:

Millers Classic 20W50 Oil (1 Litre)

Mineral based engine oil for classic engines. High quality solvent refined base oils with latest technology performance additives and shear stable viscosity index improver.

Application

Use as received for engine lubrication of pre 80 and 'Classic Cars' which were developed on the Multi-Grade oils of their time.

User Benefits

Incorporates modern additive technology with period viscometrics to provide the optimum lubrication characteristics for engines manufactured in the immediate post war period through to the early 80's. Suitable for higher mileage applications where oil consumption is a problem.

Performance Profile

Millers Classic 20w50 has been used with considerable success in all types of classic engines both on and off the 'track'. * The modern technology ensures an oil which will meet the 'period' performance requirements along with up-to-date specifications such as:- ACEA A2-98 B2-98 Volkswagen 501/505 API SJ Rover RES 22.OL.G4/PD2 MIL-L-46152D Mercedes-Benz 226.0 Viscosity / Typical Characteristics SAE Viscosity Grade 20w50 Density @ 15oC 0.890

PLEASE NOTE WE CAN ONLY SUPPLY THIS PRODUCT TO UK BASED CUSTOMERS
